

# Application for the Pfizer Research Prize

---

The **registration form** allows the transfer of rights for the submission of a scientific research project carried out by multiple authors\* for the Pfizer Research Prize and the formal recognition of compliance with the Pfizer Research Prize regulations.

A research project will only be considered by the Pfizer Research Prize Foundation once the **application is completed in full**.

## **A full application includes the following documents:**

- **Registration form**, completed in full and **signed by all authors**
- **Application cover letter**
- **Research project**
- **Additional data on the research project** that have been published on the Internet (figures and graph)
- Confirmation of acceptance by the journal (if not yet published)
- **Summary**, no more than half an A4 page
- **Curriculum vitae** for all potential prize winners:
  - **It is essential that the dates of birth are included**
  - Nationality
  - Provision of applicable contact details (email, address, phone)

## **Instructions on submission of the research project:**

- Only **complete applications will be accepted**.
- Incomplete applications and those that are received **after the 15th May** (date of receipt of email) **will not be considered**.
- Please submit **all documents electronically in PDF format**.

## **Please send the application by email to:**

Pfizer Research Prize Foundation  
Leyla Menekse  
pfizerforschungspreis.ch@pfizer.com

*\*The masculine form is used exclusively in this document for ease of legibility. This refers to people of both genders.*

## Registration form for the 2022 Pfizer Research Prize

---

*The registration form is to be completed by the first author\*.*

### Research project

Title of research project	
First author	
Field of research	
Category	<input type="checkbox"/> Pure research <input type="checkbox"/> Clinical research
Published in	
Date of publication	

- *The research project must have been published during the period from 15/05/2020 - 15/05/2021.*
- *A confirmation is to be enclosed stating that the research project has been accepted for publication if it has not yet been published.*

**The first author confirms that, through their signature on the following page / following pages, all authors of the research project that is being submitted have given their consent to only those scientists being awarded the research prize who are named as “prize winners” in the event of an award.**

**The first author confirms that the research project was predominantly carried out in Switzerland and complies with the highest ethical, legal and scientific standards.**

Date: \_\_\_\_\_ Signature, First author: \_\_\_\_\_

**The Pfizer Research Prize Foundation will send an email to your following address to confirm receipt of your application:**

Email: \_\_\_\_\_

*\*The masculine form is used exclusively in this document for ease of legibility. This refers to people of both genders.*

## Registration form for the 2022 Pfizer Research Prize

---

<b>Title of research project</b>	
----------------------------------	--

**Prize winner(s)**

(Title, First name, Surname)	Place and date	Signature

- *A maximum of three prize winners per research project can receive the award. One of the prize winners must always be the first author.*
- *The potential prize winners may be no older than 45 on 31st January 2022 and their date of birth no earlier than 31/01/1977.  
In addition, authors who have made an equal contribution to the first author must be nominated as prize winners so long as the age criterion is fulfilled. Please state here if there is another reason, apart from age, for not nominating an author for the award:*

Reason:  Age > 45 yrs      Other reason: \_\_\_\_\_

**Please use the same sequence as on the publication for all other authors (non-prize winners)**

Title, First name, Surname	Place and date	Signature

**The non-prize winners confirm the following points through their signatures:**

- Acknowledgement and agreement with the submission of this research project to the Pfizer Research Prize Foundation with the intention of receiving an award in the form of a prize.
- **The prize will be given to the scientists named as “prize winners” if the scientific commission selects the research project.**
